

Canvas offer for BLC members

The Blended Learning Consortium (BLC) was established to facilitate and empower colleges to benefit from the creation and sharing of FE specific resources so that they can meet the FELTAG agenda criteria.

As of today, BLC member colleges who make the move to the Canvas VLE will be able to access BLC content directly from the Canvas virtual learning environment and import BLC materials into their courses quickly and with ease.

FE colleges that have moved to Canvas and are incorporating BLC content into their courses include: the Grimsby Institute, Salford City College, The Manchester College, Belfast Metropolitan College, South Essex College, Highbury College, Hull College and the Career Colleges Trust.

Due to popular demand, the BLC has negotiated a new time-limited Canvas offer for its members. Choose one of the two options below.

- Option 1 -

Free Arc pilot for up to 400 users
when purchasing Canvas

- Option 2 -

15% off the Canvas Enhanced
Implementation Package (applies to
standard rate card pricing)

Note: Orders must be placed before Friday 8th December 2017

To learn more about how Canvas can make teaching and learning easier for you, please email sales@instructure.com or visit www.canvasvle.co.uk/fe today.
