Planning Books
worth £120

Instant feedback, automatic marking and peace of mind.

Our affordable classroom sets of tablets save time and boost individual progress. They perfectly accompany your LbQ lessons and enable instant feedback to learners along with automatic marking, typically saving teachers one hour per lesson.

A large tablet is also included for the teacher to control the session from anywhere in the classroom as well as monitor individual progress and results during the LbQ activity. The teacher and teaching assistant can roam the classroom and help learners who need it most. Devices are provided with soft-touch silicone covers and the LbQ Tasks app is pre-installed so your first LbQ lesson can start without delay. LbQ tablets can be used with Android apps and websites.

To provide peace of mind and for your convenience we include a comprehensive advanced replacement warranty service. This ensures that should a device stop working we will send you a replacement unit along with a return prepaid envelope for the faulty item (damage not covered). The devices are stored securely in the robust, lockable charging cabinet.

*Special Offer Price

Only available to LbQ subscribers

Price is per year for three years.

LbQ subscription for each set required to be eligible

Subject to £149 finance documentation fee

Option to renew at end of term

Available in UK and Republic of Ireland
